JUL 24 1957

MEMORANDUM FOR: Deputy Director (Support)

SUBJECT : Rate of DD/P Obligations

1. Attached are charts showing the rate of obligation, month by month, of DD/P funds for the fiscal years 1957, 1956, 1955, and 1954.

2. It will be observed that the trend has been toward increasingly uniform utilization of funds with FY 1957 showing the best results. This is due in large measure to the efforts of the SSA-Comptroller in the collection and redistribution of savings.

3. This is being pointed out in view of frequent comments by the Comptroller to the effect that he was disturbed at what appeared to be last-minute efforts each year to use up all the money.

4. As you know, the DD/P Operating Budget is subject to many and substantial adjustments each year, averaging [REDACTED] X1A1A dollars a year. If these adjustments were not carefully managed the result would not only be confusion, but failure to carry out many necessary and approved activities.

5. As in the past, DD/P was able this year to meet virtually all the requirements placed upon him by the ever-changing nature of his business.
